

Supplemental Medical Plan

Your Kaiser Foundation Health Plan (KFHP) or Kaiser Employee Medical Health Plan (KEMHP) provides basic medical coverage. The Supplemental Medical Plan covers certain medical expenses that are excluded by KFHP or KEMHP, or that exceed those plans' benefit limits. This means that if a service or treatment for a medical condition is covered by KFHP or KEMHP, the Supplemental Medical Plan will provide coverage only when you reach the limits of your KFHP or KEMHP coverage. No benefits are payable under the Supplemental Medical Plan if KFHP or KEMHP coverage is available to you.

This brochure highlights the Supplemental Medical Plan coverage. If there are any omissions or conflicts

WHO ADMINISTERS THE SUPPLEMENTAL MEDICAL PLAN?

The Supplemental Medical Plan is administered by Harrington Health. You can contact Harrington Health at 1-800-216-2166 from 8 a.m. to 5 p.m. Pacific Time.

HOW DOES THE PLAN WORK?

Here is a quick overview of the Supplemental Medical Plan. You will find more information in the sections that follow.

- You may receive treatment from any licensed provider.
- You must meet an annual deductible before benefits begin.
- You share the cost of covered services by paying "coinsurance." Coinsurance is a percentage of the "reasonable and customary charges" for the service rendered. The Supplemental Medical Plan does not reimburse copayments or coinsurance under KFHP or KEMHP coverage.
- You may have to file a claim for reimbursement, so be prepared to pay the full amount charged at the time of treatment.

WHAT ARE MY COSTS?

You share the cost of the Supplemental Medical Plan expenses through your annual deductible and coinsurance payments when you incur covered expenses. Harrington Health will calculate your deductible and coinsurance payments. If monthly premiums are required, they will be automatically deducted from your paycheck.

HOW MUCH IS THE DEDUCTIBLE?

Your annual deductible depends on what level of coverage you have.

Coverage	Annual deductible
Individual	\$100
Family	\$100 per person up to \$200 per family

HOW MUCH IS THE COINSURANCE AMOUNT THAT I HAVE TO PAY?

After you pay the annual deductible, you share the cost of covered services by paying coinsurance. Here's how it works. When you incur covered services —

- Harrington Health will authorize payment of a percentage of the reasonable and customary (R&C) charges.
- Harrington Health determines R&C charges by reviewing the cost of services in your geographic area.
- Harrington Health will generally pay 80% of the R&C charges for covered services. For some specific benefit services, Harrington Health will pay 50% of the R&C charges.
- You will be responsible for the remaining percentage, either 20% or 50%, of the R&C charges.
- If your healthcare provider charges more than the R&C charge, you will be responsible for the excess charge.

IS THERE A LIFETIME MAXIMUM FOR BENEFITS?

Yes. The maximum lifetime benefit through the Supplemental Medical Plan coverage is \$1,000,000. In addition, some covered services are subject to calendar year or lifetime limits that are significantly lower than the \$1,000,000 lifetime maximum. Plan limits are all individual limits, not family limits.

DO I NEED TO SUBMIT A CLAIM FOR REIMBURSEMENT?

If providers allow you to assign reimbursement directly to them, the provider will file the claim with Harrington Health. You don't have to file it yourself. The provider will need to file a claim each time you receive services. You pay the deductible and any required coinsurance when you receive care.

If providers do not allow you to assign reimbursement directly to them, you have to file a claim. You will need to file a claim each time you receive services. You will have to pay the full amount of the charge to the provider for the service when it is rendered, and you will be reimbursed after you file a claim.

HOW DO I FILE A CLAIM?

Contact your local human resources office for a claim form and follow the instructions for its completion. Attach an itemized statement for each service being claimed on the form. This itemized statement may not be handwritten and must include all of the following information:

- The patient's name
- The date(s) of service(s)
- Diagnosis or diagnosis code(s)
- The type of service rendered and service code
- The charge for each service
- The provider's name, address, phone number, and tax ID number

If a denial of service letter is required, make sure you attach it before sending in the completed form. **All claims must be received by Harrington Health within one year from the date of service.**

WHERE DO I GET A LETTER INDICATING THAT SERVICES ARE NOT AVAILABLE FROM KFHP or KEMHP?

If you have reached the maximum KFHP or KEMHP benefit or if a service is excluded from coverage by KFHP or KEMHP, you may obtain a denial of service letter from one of the following sources, depending on your region:

- Your local Kaiser Permanente Membership Services office
- Your treating physician's medical department
- Your Human Resources benefits representative

A letter is not required for acupuncture or chiropractic services in areas where KFHP or KEMHP does not provide coverage for these services. The letter must state that the patient has coverage under KFHP or KEMHP and that:

- Treatment of the medical condition is not available under KFHP or KEMHP
- The service is excluded, or
- The participant has exceeded plan limits for the service.

WHERE DO I SEND MY CLAIM?

Send your claim, along with an itemized statement and any required denial of service letter to Harrington Health at:

Harrington Health
PO Box 30537, Salt Lake City, UT, 84130-0547

HOW LONG WILL IT TAKE HARRINGTON HEALTH TO PROCESS MY CLAIM?

In most cases, your claim will be processed within one month from the date Harrington Health receives it, if no additional information is necessary. Missing, incomplete, or unclear information will result in a denied claim. After your claim is processed, Harrington Health will send you an Explanation of Benefits (EOB), showing how your benefit was calculated. If all or part of your claim is denied, the EOB will explain the appeal process.

DOES COORDINATION OF BENEFITS APPLY?

Yes. When the patient has group insurance coverage in addition to the Supplemental Medical Plan, you may receive benefits under both plans.

- **IF YOU ARE THE PATIENT**, send the original claim to Harrington Health. Keep a copy. After you receive settlement from Harrington Health, send a copy of the original claim and the Explanation of Benefits from Harrington Health to the other insurance carrier, along with the claim form required by the other insurer.
- **IF YOUR SPOUSE OR ELIGIBLE DOMESTIC PARTNER IS THE PATIENT**, send the original claim to the other insurance carrier first. Keep a copy. After you receive settlement from the other insurer, send a copy of the original claim and the Explanation of Benefits from the other insurer to Harrington Health, along with the completed claim form required by Harrington Health.
- **IF A CHILD IS THE PATIENT**, you and your spouse or eligible domestic partner are together, and:
 - Your birthday comes first each year, Harrington Health settles the claim first.
 - Your spouse or eligible domestic partner has a birthday that comes before your own each year, the other insurance carrier settles first, and Harrington Health settles the claim after the other insurer pays.
- **IF A CHILD IS THE PATIENT** and you and your spouse are divorced or separated, the insurance carrier of the parent with custody settles the claim first. The parent without custody's insurance carrier settles the claim last.
- **IF THE PATIENT IS COVERED BY MEDICARE**, send the claim to Medicare first.

WHEN DOES THE SUPPLEMENTAL MEDICAL PLAN COVERAGE END?

Coverage under the Supplemental Medical Plan ends on the last day of the month in which your employment with Kaiser Permanente ends, or in which you no longer meet the eligibility requirements. Coverage for your dependents will end when your coverage ends, or at the end of the month in which they no longer meet eligibility requirements.

When coverage ends, you and your dependents may continue health care coverage for a limited period of time under the Consolidated Omnibus Reconciliation Act (COBRA). Contact your benefits representative for more information about COBRA.

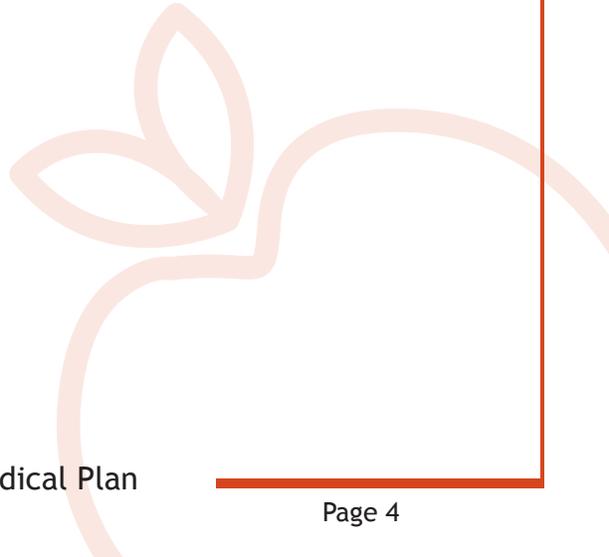

Your group coverage under the Supplemental Medical Plan may not be converted to an individual plan.

WHERE CAN I GET MORE INFORMATION ABOUT THE SUPPLEMENTAL MEDICAL PLAN?

You can contact Harrington Health at **1-800-216-2166** Monday through Friday from 8 a.m. to 5 p.m. Pacific Time.

WHAT DOES THE SUPPLEMENTAL MEDICAL PLAN COVER?

The Supplemental Medical Plan covers medically necessary services that are not covered under your KFHP or KEMHP medical plan. If KFHP or KEMHP provides benefits for **any** of the following services, the Supplemental Medical Plan will provide reimbursement **only** when you exceed the KFHP or KEMHP benefit coverage limits for that service. Please refer to the chart on the following page for more information on covered services.

Service	Coverage Level	Maximum	Restrictions
Acupuncture	80%/20% coinsurance	N/A	<ul style="list-style-type: none"> ■ Must be performed by a Licensed Acupuncturist. ■ Services must be medically necessary. ■ Ongoing pain management services that do not improve your underlying medical condition are not considered medically necessary and will not be covered.
